Area Studies

Cambridge has a vibrant programme of books and journals spanning all geographical areas of the world. We publish prestigious book series and stand-alone titles that analyse regions through a variety of disciplines in both the humanities and social sciences, ranging from politics, economics and history through to anthropology and religion. Our multi- and interdisciplinary journals regularly achieve high Impact Factors and lead their respective fields.

Economics

Cambridge's economics list is renowned for the breadth and quality of its publishing. Our book list is home to the work of some of the most important economists in the history of the discipline, most notably John Maynard Keynes, as well as the work of almost 30 Sveriges Riksbank Nobel Prize laureates, including Kenneth Arrow, Herbert Simon, Robert Solow and Joseph Stiglitz. This is complemented by a cluster of key journals such as *Econometric Theory*, *Journal of Economic History* and *Journal of Financial and Quantitative Analysis*.

History

History is the largest single subject area for the Press. It is a programme with both depth and breadth, ranging in subject matter from late antiquity to the present day, international in scope and embracing new approaches. Our publishing includes major reference series, textbooks and monographs, as well as a collection of distinguished journals affiliated to the world's leading scholarly societies. Together, they reflect the diversity of the discipline and offer an unmatched resource for today's historians.

Law

Cambridge have an established and ever expanding academic law list in public and private law subjects crossing books and journals aimed at a global readership. Particular strengths lie in international law, human rights and transitional justice, transnational and comparative law, jurisprudence, and legal history. We also publish a growing number of titles with an inter-disciplinary and socio-legal approach.

Politics and International Relations

The politics list at Cambridge is one of unparalleled quality and range. American Political Science Review and International Organization are widely recognised as the leading generalist journals in political science and international relations, while the likes of British Journal of Political Science and World Politics remain essential reading for researchers worldwide. For students and scholars across the breadth of political enquiry, Cambridge is the resource of choice.
